Jaye P. Morgan, The Hintoppers, Buddy Moreno, Johnny Long - Homecoming

Besides the usual activities of Homecoming, the 1956 Homecoming Committee decided to add something new.

Johnny Long and his orchestra have been signed to play the dance and concert, according to the Office of Student Affairs, but in addition, two showings of a 1 1/2 hour stage show will occur. Headliners for the show are Jaye P. Morgan, the Hintoppers featuring Johnny Saca and the music of Buddy Moreno and his orchestra.

The times have been set so that people may attend all three if desirable.

The Homecoming finance committee headed by Bob Crawford is trying to set up a system where tickets to all events may be bought in a booklet, saving some money.

This is the first time anything like the stage show will have been tried on the SIU campus.

Jaye P. Morgan, vocalist, first broke into the recording world with "That's All I Want From You." That started her on the way to the top.

The Hintoppers were once students enrolled at Western Kentucky State College. While meeting around one night with a song one of the boys had written, they made a tape recording and sent it to a disc jockey. He took it on up. It was well liked just as is, so the company recorded the whole thing again as is, with four college boys singing in a gymnasium with the only piano background. The Hintoppers' recording of "Trying" sent them on their way to the top.

The Buddy Moreno aggregation's fame came to them a little further back, when Buddy recorded "One Dime Rose." Since then the band has played night clubs and one-nighters from coast to coast.

Johnny Long's band, which will play for the concert and the dance, got its start to the top in 1940. Johnny's famous recording includes: "In a Shanty In Old Shanty Town," "Blue Skies," "Just Like That," and many others.

Another claim to fame is that Long, so far as is known, is the only left-handed violinist today.

Due to an accident in childhood which caused him to restrain his violin backwards and play left-handed.

All in all, is a colorful group which has been contracted by the Homecoming Committee headed by Clyde Reynolds.

The various sub-committees for Homecoming are working now to finish the complete schedule which will be announced at a later date.

Jaye P. Morgan

Johnny Long

Compulsory Womens Meeting Monday

A compulsory meeting of all SIU women will be held at 10 a. m. Monday in Shroyck auditorium. The meeting is sponsored by the Association of Women Students executive board.

The purpose of the meeting, according to Dean of Women Mildred Schrotter, is to present the organizational structure of AWS and to explain its functions on SIU's campus.

Special attention will be given to the relationship of the AWS program to the total educational program of women students.

Also planned for the program are talks by Lt. Nina Morrison about the WAFF program, a student representative of various campus groups.

Commerce Club First Meeting Tuesday

The first meeting of the Commerce Club is scheduled for Tuesday at 7:00 p. m. in the Student Theater of University School.

Dr. Henry J. Rehn, Dean of the School of Business and Industries, will address the faculty, students, and guests in attendance.

All business students, including freshmen, are invited to attend this first meeting.

ISA Picnic Set For Monday Night

Barbecued ribs, french fries and cold drinks will be served at the Independent Students Association picnic Monday at 5:30 at the City Reservoir.

Tickets are being sold now in front of the main gate, the Student Union, and at the entrance of the Library.

Ticket will cost 50 cents for members and 75 cents for non-members. Membership cards are also being sold at the picnic ticket booths.

Those going to the picnic will meet in the Student Union at 5:30 p. m.

Transportation will be provided by student cars for those without transportation, according to Floto.

A short meeting will follow supper. At this meeting the present officers will try to answer any questions which incoming students may have about ISA.

5 Students Appear At Mid-America Jubilee Monday

Five SIU students helped put over "Illinois Day," at the Mid-America-Jubilee in St. Louis, Monday afternoon.

The five performers were members of the cast of "Finian's Rainbow," a summer workshop, under the direction of William Taylor, SIU music instructor.

Their part in the show consisted of the presenting of the three main songs from "Finian's Rainbow": "An Honn Song," "How are things in Glenside?" and "Burke's Song." "When I'm Not Near the Girl I Love," a dance accompanied the song. It was done by Carol Mitchell and Robert Walker.

Miss Heston also took part in a duet version of "Old Devil Moon."

The USDA reports that demand for farm products in this country may be 40 to 45 percent greater by 1975 than in 1953.

Yearbook Class Picture Schedule Announced

Senior pictures for the 1957 Obelisk will be taken at Nauman Studio beginning Monday and continuing through Oct. 13.

"Since we're allowing two full weeks for seniors, to make-up week will be allowed this year," Don Hargus, Obelisk editor said. "No senior pictures will be taken after Oct. 13."

Freshmen, scheduled at the studio since the beginning of New Student Week, will have their last day for pictures tomorrow.

Hours at the studio are 9 a. m. to 5:30 p. m. on weekdays; 9 a. m. to noon on Saturdays.

Upperclassmen are requested to wear a coat and tie for Obelisk pictures. "And Nauman requests that people wear their own clothes when they come to have pictures taken," Hargus said. "Last year, groups of six or eight men would come into the studio with one coat and tie among them and change between pictures. This ties up the camera and dressing room, making other students wait unnecessarily long."

Students are required to pick up and return proofs in person to avoid picture mix-ups.

The Obelisk picture schedule at the studio for other classes: sophomores, Oct. 15-20; juniors, Oct. 22-27; graduates, Oct. 29-Nov. 3. The camera will be on the Southern Acres campus during the week of Nov. 5 to take pictures of VII students.

Studio charges for taking Obelisk pictures are \$1.75, the same as last year.

ACCIDENT POLICY

At accidents you'll always find A person of commanding kind. Who, while the others stand and stare, Cries out, "Step back and give him air."

He has the pulse, the nerve, the knack, And, when the crowd has fallen back, As helpful people always do, He also has a close-up view.

— Richard Armour
In "Street Journal"

1957 Obelisk Group Picture Procedure Changes Announced

Living groups and organizations buying space in the 1957 Obelisk will follow a new, more convenient procedure this year, according to Don Hargus, editor.

For the first time, groups will sign a formalized contract for space and photography and pay the Obelisk for both in one lump sum. In past years, space charges have been paid to the Obelisk and photographic charges to the photographic service.

The contracts, called Photo-Space Cards, are on sale now at the Obelisk office in the Student Union. They will be available until the following deadlines: organized houses and University dormitories, Oct. 29; clubs, organizations and interest groups, Nov. 10; social fraternities and sororities, Nov. 17; honorary fraternities, Nov. 24.

Living groups and organizations buying by cash or personal check will be required to pay in advance at the time the Photo-Space Card is picked up; organizations paying by University check from accounts in the business office will be allowed to defer payment until a check may be written.

"We think requiring groups to pay in advance will make it easier for groups that have to collect from

SIU Chosen To Sponsor U. S. Project

SIU is one of 20 midwest institutions selected by the U. S. State Department to sponsor a program of "Citizen Consultations" on subjects vital to the nation's long-range international problems.

A project of the National Commission for UNESCO, aims of the program's aims are to encourage interest in and study of important international problems; to give the National Commission and the State Department views of representative citizens who have studied the problems, and to establish a better two-way flow of communication about these problems through local, state, national, international channels.

Dr. Frank Klingberg, SIU professor of government who is project chairman, said some 100 area citizens will be invited to serve on workgroups. Topics selected for nationwide study are: "The American Citizen's Stake in the Progress of Less Developed Areas of the World," "Our Moral and Spiritual Resources for International Cooperation," "The National Interest and Foreign Languages," and "The American as International Traveler and Host."

Klingberg said work groups will meet weekly under a discussion leader, spreading coverage of the four topics over a full year. "It is likely to be a continuing study, lasting several years," he said.

NEED A (B) ROOM Brothers Live In Closet

The rush of over 200 freshmen entering SIU nearly swayed away two brothers from East St. Louis.

A mix-up in room assignments at Southern Acres Residence Halls placed Arnold and Sabino Segobiano in a Broom closet.

They appealed to Head Resident Joe Buddie. Now they have a room without brooms.

is likely to be a continuing study, lasting several years," he said.

Know Where Things Are? - Check This

With the expanding enrollment at SIU, space has now become an acute problem. Many changes will be made during the next week, and many more will take place during the year.

A former residence next door to the University-operated apartments on University Avenue is being remodeled for use by the SIU sociology department which now has offices located on the south side of the gymnasium. The health education offices now located next to the SIU police office will be moved to the former offices used by the sociology department.

The new sociology department office will soon be opened for use according to Dr. George Hand,

vice-president in charge of business affairs.

In another move, the University Store, formerly called the Bookstore, has moved from the Parkington building into a barracks building on the West Grand building. The barracks were formerly a study area for the library. The journalism department will move into barracks on South Thompson. The move will also include the typography laboratory which was located on West Grand.

The chemistry department will next to the University School Classrooms and offices will be set up in the new location. Journalism offices are now located in the Speech Barracks.

New offices for the AFROTC detachment will be located in the basement and second floor of the Wheeler Library. Offices for the AFROTC were formerly located on the first floor of Parkington Laboratories.

"We are going to make two classrooms on the second floor of Wheeler for sophomore students and advanced AFROTC students," said Col. Alexander R. MacMillan, Professor of Air Science.

Two classrooms in the Allyn Building and one in Parkington will still be used by the AFROTC.

The chemistry department will use the rooms formerly assigned to the AFROTC and the University Store. Laboratories and lecture rooms are on the second and third floor of Parkington.

"At the present time we will use most of the space that we acquire for offices which are badly needed by the chemistry department," said Dr. J. W. Neekers, head of the department.

As soon as appropriations are received, new labs will also be equipped on the first floor. Only one lab is now located on the first floor.

Sometime during the year the foreign language department will move to the top floor of Wheeler Library. Present plans now call for the testing down of the building, now occupied by the department on South Illinois.

The department of Physical Education, Recreation and Outdoor Education will occupy a quarters that formerly used for book storage by the library.

Freshman Receives \$600 Scholarship

Robert Wolfe, 17, newly registered freshman, has been selected by the members of the Southern Illinois Dairy Technology Society to receive that organization's \$600 scholarship for a promising young man who intends to become a dairy technologist. The grant will be distributed over a four-year college period.

Roger Taylor, Society president, presented the first installment to Wolfe at the organization's September meeting at Mt. Vernon Sept. 20.

Robert is the son of Mr. and Mrs. Harold Wolfe, who have a dairy farm near here. A graduate of Carbondale Community high school last spring, he plans a year or two of study at SIU before transferring to the University of Illinois to complete requirements or becoming a dairy technologist.

Addresses coming within the area where no permits will be issued are as follows:

Chautauque, 510 W. to 712 W. College, 700 W. to 514 W. Forest, 701 S. to 1016 S.

Freeman, 215 E. to 820 W. Grand, 117 E. to 908 S. Illinois, 600 S. to 908 S. Lake, 910 S. to 1020 S. Marion, 501 S. to 1000 S. Mill, 200 W. to 809 W.

Park, 108 E. to 201 E. Pearl, 102 E. to 200 E. Poplar, 609 S. to 718 S. Rawlings, 711 S. to 715 S. Thompson, 1000 S. to 1400 S. University, 600 S. to 909 S.

University parking regulations will be enforced after Oct. 1.

Physically disabled students, commuters and upperclassmen living beyond a ten minute walk from the campus may apply for a parking permit in the Office of Student Affairs.

Men living at Little Grassy and Giant City are still being temporary parking permits which will be taken away as students enter the new Thompson Point dormitories.

"Bids are out for the job of putting in storage lots for Thompson Point residents, and the storage space should be ready by the time students move in," said Mr. Charles Pulley, University architect.

The storage lots will merely be a place to store cars, but will not authorize students to park on University lots which require permits.

Addresses coming within the area where no permits will be issued are as follows:

Chautauque, 510 W. to 712 W. College, 700 W. to 514 W. Forest, 701 S. to 1016 S.

Freeman, 215 E. to 820 W. Grand, 117 E. to 908 S. Illinois, 600 S. to 908 S. Lake, 910 S. to 1020 S. Marion, 501 S. to 1000 S. Mill, 200 W. to 809 W.

Park, 108 E. to 201 E. Pearl, 102 E. to 200 E. Poplar, 609 S. to 718 S. Rawlings, 711 S. to 715 S. Thompson, 1000 S. to 1400 S. University, 600 S. to 909 S.

University parking regulations will be enforced after Oct. 1.

Rules Set

Students may at NO time park in the visitor's parking lot, north and west of the University Gate.

Parking permits must be displayed in the lower right hand corner of the front and rear car windows. They are not transferable nor can refunds be given. Duplicates cannot be issued.

A parking permit is required to park during school hours (7:30 a. m. to 4:30 p. m.) on all property leased or owned and maintained by the University. Other traffic regulations are as follows:

Driving is prohibited on Harvard Avenue and South Thompson Street at all times.

Do not park in any area which is not designated as a parking lot. Do not block service drives, entrances or exits to parking lots.

Do not park on sidewalks or lawns.

Do not park in loading zones.

"No Parking" signs painted on the street in some lots.

Do not block the exit of cars properly parked.

Do not park in a manner which will occupy more than one space.

Do not drive recklessly or exceed a speed of 20 mph in the campus area.

Summer building has created a total of nearly 1,300 parking spaces. The total number of spaces last year was 681 and nearly 600 have been added.

Building plans have caused parking lots to be situated around the edge of the campus, rather than within the campus area.

On the new 1/2 loop road, parking will accommodate 260 south west of Thompson Woods, cars.

South of Grand Avenue and West of the President's house, the parking lot will hold 80 cars, and on the lot by the old dairy barn, 225 cars will be able to park, a 75 space increase over last year.

A capacity of 200 cars will be able to park in the lot east of and parallel to the railroad tracks, and near spring a lot holding 40 cars will be completed by the Life Science building and the University library.

There will also be small lots for 20 cars each behind the new sociology house and near the new health service.

When parking was eliminated along Grand Avenue to plant grass, few parking spaces were lost in comparison to the number of spaces created. One of the reasons for this action was to eliminate traffic and thereby make it safer for pedestrians, said Mr. Max M. Sappfield, president of the Parking Committee.

Traffic violations are another change which has been made since last year. They are as follows:

1st violation, \$1.00

2nd violation, 3.00

3rd violation, 5.00

4th violation 10.00

5th violation 10.00 and loss of permit

6th violation 10.00 per violation accompanied by appropriate disciplinary action.

A group of boys are stationed at all University parking lots from 7:30-9:30 a. m. and 12:30-2:30 p. m. This started last year and will continue throughout October.

The purpose of having these boys stationed is to keep people from making violations, as well as seeing that cars are parked properly.

"We don't know how the shifting of classes will change parking loads," said Sappfield.

The boys will also spot check these changes, Sappfield explained.

Two student representatives to the Student Council will be nominated to the president this fall by the Student Council.

Away We Go

The annual hunt for a parking spot is under way.

More and more cars are appearing on the SIU campus, but the number of parking spaces is apparently diminishing. New parking lots and further restrictions on who may have a parking permit are supposed to alleviate the problem. But, the only noticeable change is the abolishing of two blocks of parking space along Grand street.

The new lots have, as yet, failed to materialize, and even the freshmen, who are, supposedly, not to drive autos, are parking on or near the campus.

True, the regulations on permits do not begin until Monday,

but a check should be made on the number of freshmen with cars.

This isn't a move to persecute the freshmen, who like to ride just as much as anyone else on campus, but someone must do without if the situation is to be remedied.

A recent survey showed that there are as many autos driven by the students and faculty of SIU as there are by the residents of Carbonale.

It would be a wise move by the parking committee if solutions other than making present spaces inaccessible were found to remedy this very sore spot with every SIU driver.

College Of Education

Many Changes In Education Set-Up

Not many years ago SIU was Southern Illinois Normal University, the state teachers' College. Though this is not the case anymore, the College of Education is still advancing and many changes have taken place in the College.

There are three divisions in the College of Education — Educational Research Services, directed by Jacob O. Bach; Health, Physical Education and Recreation, supervised and coordinated by the Associate Dean, Ross Merrick; and Educational Theory and Practice. Theory is headed by Dean John E. Grinnell, Dean of the College. Practice and observation is directed by Charles Nease.

Under the division of Health, Physical Education and Recreation, are Health Education, Physical Education for Men and Women, Recreation and Outdoor Education, Men's Physical Education, non-credit courses which include athletics, and Intramurals, which is also a non-credit department.

Under the division of Theory, the Department of Education consists of Foundation, Administration and Supervision, Elementary Education and Secondary Education, the other.

Also under the division of Theory, Guidance and Special Education has been divided into two divisions — Guidance being one, and Special Education, the other.

Library Services, Audio-visual aids and Instructional material

have been combined to be the Department of Instructional Materials.

Also under the Division of Educational Theory and Practice is that of Practice and Observation. This includes the principal and University School and other supervisors and their affiliated schools.

Also in the College of Education is a division, Liaison with Schools of Southern Illinois. This includes an educational council of 100 and Teacher Training Schools.

Reorganization is to be affected by September of 1957.

OFFICERS' WORKSHOP

The second annual workshop for officers of off-campus living centers will be held from 9 a.m. to 3:30 p.m. Saturday, at Giant City State Park.

Jack Barringer is the student chairman of the workshop. Dr. Douglas Lawson will be the main speaker.

Highlighting the workshop will be discussion groups on the duties of the house president, the secretary, social chairman, and other house officers.

Editor
The Egyptian
Campus
Dear Sir:

In behalf of the Athletic Department, I wish to personally congratulate the upper-class students who returned early to campus to take such an active and important part in our New Student Week program.

The freshmen did an excellent job supporting our rapidly improving team at our first football game. I have received many excellent comments about our conduct and also about the fine performance given by the freshmen.

Keep up the good work.

Sincerely Yours,
Carl E. Erickson

SALUKI-CENTRAL GAME WILL BE BROADCAST

The SIU Central Michigan game at Mt. Pleasant, Mich., Saturday, will be broadcast live over Spartans station WICQ (1230) at 1:30 p.m.

Carbonale station WCIL will carry a taped broadcast of the game immediately following the Illinois-California game later Saturday afternoon.

Development of the new program involves hiring new faculty members — primarily graduate engineers and persons with consid-

New I. E. Science Started This Fall

A new applied science program is being activated this fall in the SIU industrial education department, Ralph O. Gallington, department chairman and acting head of applied science at SIU, announced today.

The new program will include the present two-year pre-engineering course of study as well as a bachelor's degree curriculum in industrial supervision. Courses to enable students in pre-engineering to obtain a third year of work at SIU are to be added by the fall of 1957, Gallington said.

Industrial education pre-engineering courses eventually will be shifted to the applied science program. However, the department will continue emphasizing the industrial education program for teachers and will strengthen its graduate program.

Courses in the applied science program include machine and tool design, engineering drawing, mechanics, statics, dynamics, surveying, mechanics and industrial laboratories, descriptive geometry, and testing laboratory experience.

Development of the new program involves hiring new faculty members — primarily graduate engineers and persons with consid-

erable industrial experience.

Two of three recent staff additions are for the applied science program. C. M. Moeller, a teacher of engineering subjects since 1954 at Cornell University, where he is completing work on a Ph.D. degree, has been appointed as an associate professor of applied science at SIU. Moeller, who fills a vacancy created by the resignation of Rex E. Ray, received a bachelor's degree in civil engineering at the University of Nebraska in 1936 and his master degree at Kansas State College in 1951. He has taught at Montana State College and Kansas State College, and is a member of various engineering societies and associations.

Mark Klopp, former instructor of engineering drawing at Pennsylvania State University, has joined the SIU applied science staff to teach engineering drawing and industrial education courses. He is a member of the American Society for Engineering Education and Iota Lambda Sigma, an honorary fraternity in industrial education. He succeeds Nicholas B. Corba.

Gallington was professor of industrial arts at the Pennsylvania State University before coming to SIU a year ago.

National Sorority Merger Dissolves Delta Sigma Epsilon

Two of SIU's social sororities are involved in the merging of two national sororities, which began this last summer.

At the Delta Sigma Epsilon national convention, the Delta Sigma Epsilon accepted an invitation to merge their sorority with that of Delta Zeta.

On ten campuses in the U.S., both sororities had chapters listed. Southern was one of the ten.

"The girls of Delta Sigma Epsilon at SIU," said Miss Elizabeth Greenleaf, supervisor of student activities, "after they considered the merger, felt it was better for them to ask for a release so that they might become a local sorority."

"They have made a formal request for that release, but they have not yet had a reply from either of the two national councils."

At Tuesday night's meeting of the Pan Hellenic council, the group decided to go ahead with plans for fall rush, which is scheduled for the week of October 7. Delta Sigma Epsilon will not be able to take part in the fall rush

unless the national councils of both Delta Sigma Epsilon and Delta Zeta give the local chapter a release before rush starts.

Founded at Miami University, Ohio in 1914, Delta Sigma Epsilon was established at Southern in 1928. Its chapter house is located at 800 S. University, and the sorority has been a consistent winner in various campus activities such as homecoming and spring festival. The sorority sponsors the Betty Rhodes scholarship award.

Delta Zeta was also founded at Miami University, but was started earlier in 1902. Southern's chapter was established in 1953. The sorority moved into its present chapter house last year, at 320 West Walnut. They also have won many awards in homecoming and spring festival events, the Theta Xi variety show two consecutive years, and Greek Sports for four years. They won the scholarship plaque last spring.

Woody Holds Open Meeting
Woody Hall had a short all-hall meeting at 6:30 Tuesday evening on the patio.
Don A. Menapace, president, introduced the hall officers to the freshmen and older residents of Woody. She then turned the program over to Miss Janet Brickenridge, head resident, who introduced the staff of resident counselors and house fellows.

Sigma Kappa Has New Chapter House
Sigma Kappa sorority, which last year had its headquarters in Barrett Dorm, officially opened its new chapter house Tuesday at 308 S. Beveridge St.
Although the house isn't new, the chapter had professional assistance in decorating the dorm suite, and both the dining room and the living room are furnished in fruit wood furniture.

On the first floor are a living room, a dining room, the house mother's room, and a kitchen and breakfast room. The upstairs has living facilities for 16 girls.

Mrs. Ezzelle Blake is house mother for the group. She has had previous experience in counseling and as a house mother.

Six Sigma Kappa chapters were active in the Student Week leaders. They were: Jackie Sanders, Marsha Hearn, Jane Miller, Phyllis Zence, Peggy Unger, Pat Bruce and Bonnie Taylor.

Joanne Perkins, Anita Credi, Jeanne and Rachel Berber, Evelyn Keaden, Bev Field, Lee Wilson, Jane Lawder, Shirley McCuskey and Barbara Absher attended and help plan fall rush for the Madison chapter in Wisconsin. They were there from September 19 to September 23.

A neighborhood tea for the neighbors living close to the chapter house has been planned for the latter part of October.

Phi Taus Have Guests
Jim Watt and John Shepard of the University of Illinois were visitors Tuesday at the regular meeting of Phi Kappa Tau fraternity. Watt and Shepard are attending SIU this year. Bob Cooney and Joe Henry, alumni, were also visitors at Tuesday's meeting.

Jack Thatcher, Jim Langlin, Babe Phelps, Jack Barban, and Jerry Lotman were student leaders during New Student Week.

J. B. Williams and Babe Phelps attended the Phi Tau's national convention when their fraternity celebrated its 50th year.

Two 'Transfers' For Pi Kaps
Pi Kappa Sigma sorority has two transfer students this year. Pat McCormick has transferred from Harris Teachers College, a new member of the South West Missouri State College. Both are Missouri chapters.

Three new officers were elected at the sorority's meeting this week. Sue Smyser is the new house manager, Jan Niehoff is photographer, and Martha Ray is photographer.

Open house for freshmen, Sunday, is under the supervision of Juddy Calitton and Kay Ottens.

Ann Ragdale, president of Pi Kappa Sigma, spent the summer in Mexico on a University tour.

Delta Sigma Name New Chairman
Getting an early start for homecoming, Delta Sigma Epsilon has named its chairman for the various homecoming committees. Margie Zimmer is house chairman; Alice Vette, stunt chairman; Harriet Vaso, house chairman; and Jane Greer, coffee hour chairman.

Joan Brown and Alice Vette are in charge of the Open House for women students. Ellen Floyd and Elaine Kelly are co-chairmen of the Delta Sigma Epsilon annual open house for all students, scheduled for October 15.

Tri Sigma Has New House Mother
Tri Sigma sorority has a new house mother this year. She is Mrs. Abrahamson from Des Moines, Iowa.

Mary Chandler, Matianne Wargo and Sally Russler are in charge of Homecoming activities.

Kay Strong and Carla Coffey are co-chairmen of Tri Sigma's Silver Jubilee celebration in November.

The Tri Sigma girls spent last week re-decorating the sorority house.

This Week Sigma Pi 'Help Week' For Pledges
September 26-30 has been chosen as 'Help Week.' Going through the occasion are Garyland Hayden, J. W. Sanders, Charles Schroeder, Don Bentsch, Leroy Kanovsky, and Gene Murock.

The Sig Pi's will hold an open house on Sept. 30 from 2-4 p.m. At 5 p.m., a formal initiation and

dinner will be held for the pledges completing 'Help Week.'

Bob Wallin, Duane Weber, Harold Schwehr and Phil Eigmman were married during the summer.

Don Mitchell returned to Southern after a trip to the coast.

Sigma Pi is represented on the football squad by Bob Swanson, Phil Thorne and J. W. Sanders.

Thirteen Delta Chis Attended National Meet
Thirteen members of Delta Chi attended the national convention September 4, 5, 6 and 7 at East Lansing, Mich. Attending from SIU's chapter were: R. K. Dillingham, Emil Spies, Ron Boehme, Tom Crane, Jim McKinstry, Bob Campbell, Wayne Ray, Earl Bitter, Ron Penberth, Charles Dykhouse, and Don Thomas. Max Mitchell of West Frankfort, the chapter's financial adviser, also attended. The local chapter had the largest delegation present at the convention.

Ken Burton was elected as 'D' (treasurer) at the last house meeting.

Bill Moll is co-chairman for radio-TV publicity for the Homecoming committee.

Jim Hankins is chairman of the president's discussion group at the Delta Chi Workshop for off-campus or organized houses this Saturday.

Delta Chi will sponsor a dance in the men's gym after the next home football game, against Eastern Michigan, on October 20. Bob Campbell and Dan Bode are co-chairmen.

Dale Ashmore and Harold Mills have been elected co-student of the newly-opened kitchen at the Delta Chi House.

Texas Redecorate
Tau Kappa Epsilon is busy re-decorating the interior of its house at 609 S. University. Tile is being put in the dining room, which has been enlarged to twice its former size. The whole house interior is being repainted. New furniture, including a new kitchen stove, is being bought.

Art Carl is co-chairman in charge of planning the open house Sunday. He is also co-chairman for the first rush party, scheduled for October 10.

Frank Abbot and Don Galdak, recently returned from service, have enrolled at SIU and are active again. Jim Peters and Ed Fiech, transfer to SIU from South Eastern Missouri Teacher's College at Cape Girardeau, are now active members of the local chapter.

The Teks had a picnic Saturday night at Crab Orchard Lake. They also had a 'welcome back' party for all members last Sunday afternoon.

Don Cynank is a resident fellow at Anthony Hall.

Pinned
Gwen Oelrichs to Ron Boehme, Delta Chi; Irma Knapp to Ron Penberth, Delta Chi; Phyllis Coker, Delta Zeta, to Don Thomas, Delta Chi.

Judy Rose, Tri Sigma, to Fred Barnes, TKE at Cornell; Jan Niehoff, Pi Kappa, to Art Calkie, TKE.

Engaged
Mary Louise Shields, W. O. d. y. Hall, to Pic. Lowell Smith, U. S. Army; Lynn Gentry, W. O. d. y. Hall, to Richard Baker, Herrin; Virginia Hill, Johnston Hall, to Larry Parkhill, Benton-Carleen De.

Married
June Craig, Salem, to Don Cross, Tele. Elaine Gray, Woody Hall, to Don Holmes, Peoria; Barbara Jean Chambers, Marion, to Phil Tamm, Delta Chi pledge.

Donna Neut, Sigma Kappa, to Cleatus Richards; Sally Clark, Sigma Kappa, to Carol Carr; Alice Harris, Tri Sigma, to Bob T. Hinger, Phi Tau; Jackie Leonard, Tri Sigma, to Jim Harder, Joyce Schroeder, Delta Sig, to Harry Davis; Martha Cralley, Delta Sig, to Bill Huntington; Linda Cremer, Delta Sig, to Dan Songer; Lois Thate, Pi Kappa, to Bob Teague; TKE, Judy Malone, Pi Kappa, to Jack Morgan; Margie Bradley, Pi Kappa, to Gene Ensor.

1956 Obelisks Still Available At Union
A number of 1956 Obelisks are still available for students who attended school at Southern last year and for sale at the Obelisk office in the Student Union.

Students who attended school and paid activity fees for three quarters last year, including the 1955 summer term, are eligible to receive a free copy. Students who did not pay activity fees for three terms may receive a copy by paying \$1.60 for each term not attended.

Copies of the 1956 Obelisk may be bought for \$4.80.

'Great Books' Discussions Start Oct. 11

The second season of the "Great Books" reading and discussion program opens Oct. 11 at 7:30 p.m. in the Library Lounge. The reading and discussion program which started here last year will be under the supervision of Dr. and Mrs. Paul Hunsinger of the SIU speech department.

The group which discusses the reading usually numbers around 15. It is a type of adult education without academic credit.

Due to the amount of reading which is involved the group is composed of townspeople. Several SIU faculty members are members of the group.

The group meets every two weeks for two hours an evening. It is a member of the nationwide Great Books Foundation.

Readings discussed are by such famous authors as Homer, Sophocles, Plato, Aristotle, Shakespeare, Swift, Rousseau. Some of the group's great documents including constitutions, manifestos, declarations and the Holy Bible are discussed by the townspeople.

New faculty members who are interested in the program and would like more information may contact Mrs. Floyd W. Wakeland by phoning her at Carbondale 137-38.

Many of the books which are read by the group are ones which have interested the members for years. But probably 'would have been read if it weren't for the group.

Men's Emergency Housing Has Ups And Downs

"Will it be worth it," seems to be the question being voiced by the greater majority of students now living in the emergency housing facilities at Little Grassy Lake and Giant City State Park.

Over 200 male students from SIU are presently being housed in these areas while awaiting completion of the first two of six modern residence halls under construction.

In the meantime, the students and their campers are living in tents, cabins, and barracks approximately 15 miles from Southern's campus.

The campers, originally slated to live in Thompson Point Docks 3 and 4, this fall, are now anticipating living with nature until at least late October or early November.

Jack Buckle, resident counselor in charge of all men's camps at SIU, is living with the students at the Little Grassy Camp.

The men at Grassy, who are considerably more inconvenienced than their fellow campers located at Giant City, refer to themselves as members of "Southern's Foreign Legion." The 123 men staying at Grassy are divided into three groups, according to the three floors of the barracks.

The men have been placed together with future roommates whenever possible. The living conditions at Grassy hardly warrant the titles "Floors 1-2-3," "n o w," or "Ridges 1-2-3."

passed durability tests during the SIU summer camping season this year. The umbrella-shaped tents are practically useless, however, as protection against the cold.

4 To A Tent
Four men are staying in each tent, and are allotted approximately 18 inches of space each to hang their clothes.

The floor space in the tents is confined to a circular wooden floor approximately 10 ft. in diameter. The campers at both Little Grassy and Giant City have been issued Air-Force surplus footlockers.

There are six cabins, with each cabin housing eight men, being utilized at Little Grassy. Army-type wall tents are also being used, with four men in each of these structures.

Upperclassmen from S I U received priority over the freshmen in the selection of their living quarters.

Of the 22 tents and cabins used for sleeping, only one has a light. Flashlights are being used in the other living quarters. Gas lanterns have been ordered by the University, however, and are expected by the next future.

Incidents from the many students who were complaining about the crowded conditions and rugged living, came one student who was quite content.

"All this space is heaven to me," remarked a veteran, "I spent 27 months in a submarine!"

Another of the troublesome inconveniences facing the campers is the one-mile dirt road leading from the camp to route 13. The road has been practically impassable during rains, and the camp tractor has been having a hard time out of the mud. Approximately 16 cars were hauled out of the ditches during the parent's picnic last Sunday, Sept. 23.

Immediate plans are under way for trucking of the road, however, so relief from the muddy road may be in the near future.

Morale Is Good
Despite the mentioned inconveniences at Grassy, the morale of the students is very high. They are being provided with excellent bus service every hour of the day, and receive their mail at the camp. The bus ride into Carbondale takes approximately 30 minutes.

Two modern equipped shower buildings and a long roomy mess-hall are two of the brighter spots in the camping picture. The men from Grassy eat breakfast and supper at camp, but eat dinner at Anthony Hall. The mess hall is serving a double purpose, since it is equipped with lights and serving as the study hall in the evenings.

The men at Giant City, as well as the University has gone all-out to make them as comfortable as possible during their temporary stay at the emergency housing areas.

Their brief one-week experience with nature has been blessed by beautiful "Indian Summer" weather, and the picturesque countryside has provided much enjoyment for many of the men.

"In most organized houses," said John Teschner, resident assistant at Giant City, "it usually takes two or three weeks to get the men working and living together as a true group. Here, however, it took only two days. Being drawn together under these conditions has made the men unite and stick together."

An example of this was evident at the football game with Illinois Wesleyan last Saturday night, when a great majority of the men from Teschner's barracks attended the game, with dates, in a body.

In the future, before the move-

ment from "Mother Nature" and her morning frost to the modern tiled floors of Thompson Point, the campers hope to have some type of exchange party or open house. They are anxious to let the "foreigners" on the SIU campus get a look at "college from a campsite." In the meantime, the answer to their question, "Will it be worth it?" can maybe be answered like this: "Time... and cold weather, ... will tell!"

Salukis In Underdog Role Tomorrow At Cent. Michigan

The SIU football team travels to Mt. Pleasant, Mich., to open its 1956 Interstate Conference season this Saturday afternoon, playing the "underdog" role against last year's co-champs of the IAC, Central Michigan.

Southern, which handed the Chippewas their only loss last year—a startling 14-13 upset—opened the season last week with a 40-0 mauling of Illinois Wesleyan, while Central Michigan was edging Western Michigan, 14-7, after beating Bradley the week before, 38-33.

For the past four years, Central has either won or tied for the league championship and Coach Bill Kelly terms this year's squad as good as last year's with more power and speed in the backfield.

Led by track star Jim Podley, Central may have the fastest backfield in the nation, regardless of school size. At least three regular backs can run the 100-yard dash in less than 10 seconds. Podley averaged 8.9 yards per carry last year, and is shooting for a Little All-American team berth this season. He did not play against SIU last year. The other probable starting halfback is Walter Beach, who has run the 100 in 10.6, while one of the subs, Phillip Offenberg, has turned in a .09.9 performance.

An experienced line supports this speed-picked backfield outfit. However, Head Coach Al Kaval is not as optimistic as would be expected after last week's 40-0 victory.

"In order to beat Central," predicted Kaval, "we'll have to be 100 per cent improved. The most disappointing thing last week was our defense, which was supposed to be our strongest feature. With the exception of some fumbles, our offensive work was gratifying."

Kaval had praise for the exceptionally good downfield blocking displayed last week and believes that his team is progressing favorably. But he hastily pointed out that this progress by itself will not be enough to upset Central again.

For the second straight week, first string end Bob Butura will not be ready for action. Several other second and third stringers are on the ailing list and will not play, but none of the injuries came from last Saturday's game.

SIU's probable starters: LT—Marion Bushing; LT—Gene Krolik; LG—Carl Tetz; C—John Abramovich; RG—Jim McCann; RT—Ed Hayes; RE—John Gelch; QB—Bill Norwood; LH—Ranette Lewis; RH—Carver Shannon; and FB—Rich White.

In other IAC action Saturday, Eastern Illinois plays at Southeast Missouri, Eastern Michigan hosts Baldwin-Wallace, Northern Illinois clashes at Illinois Normal, and Western travels to Bradley.

After meeting Central Michigan Saturday, the Salukis will have only two practice sessions to prepare for a night game against Bradley University at Peoria Thursday (Oct. 5).

6 Lettermen Back At Northern Illinois
Only six lettermen and three members of last year's junior varsity team appear on the squad of 35 picked by Northern's new coach, Howard Fletcher.

Although the Huskies' schedule provides some of the stiffest competition in the midwest, observers of this year's talent believe that this squad is capable of a very respectable showing.

The squad cannot be expected to reverse last year's record of 0-8-1, but the attitude shown in early drills indicates that the Cardinal and Black chargers will be going all out to show definite improvement over the mark.

Sports In Spurts

By Bill Eppheimer
Egyptian Sports Editor

We would like to congratulate the freshman class and all the upper classmen who attended the football game last Saturday night, and lent the wonderful support to the Saluki football team.

"It seems that at last our football teams are on the upswing, and a strong rooting section always does more than a little bit to help any team. With continued support from the student body, it will vastly help the spirit of the team on the field."

Southern has three straight games away from home starting with this Saturday at Central Michigan. The following Thursday night, they play at Bradley in Peoria, and then Eastern Illinois at Charleston on Oct. 13.

That gives the students three weeks to make trips home, if necessary, and get settled before we play Eastern Michigan here on Oct. 20. Let's fill up those East stands, and show the Salukis we're behind them!

Last week we predicted Southern to beat Illinois Wesleyan by one touchdown, and they proved us wrong by five touchdowns.

Central Michigan, with an exceptionally fast backfield, including Jim Podley, and a large experienced line, will be a one touchdown winner. Southern unveiled a good rushing attack last week, but failed to uncover a good, pass-snagging end, although they didn't throw much. The defense would also have to be tough for the Salukis to win. Coach Al Kaval's statement that "everybody must improve 100 per cent for us to win" may be overly pessimistic, but after the 500 mile trip

to Michigan, we doubt that the Salukis can do it.

Eastern Illinois and Eastern Michigan in the Interstate Conference last week dropped football games to old rivals. The Panthers fell to Indiana State, 13-7, and the Hawks dropped a 16-7 decision to Hillsdale College.

Three teams in the IAC meet non-conference foes Saturday night. Eastern Illinois meets Southeast Missouri, Eastern Michigan is host to Baldwin-Wallace, and Western Illinois travels to Peoria to meet Bradley.

By Chuck Schlegel
All SIU male students who expect to participate in 1956-57 intramurals are required to have a medical examination by the University Health Service.

In order to take part in any of the sports offered by the Intramural Department, a medical permit must be secured and filed in the Intramural Office. Only one examination is necessary.

Students who have already received their physical exam from the health service—either for Physical Education or varsity athletics—exempted from this rule and may participate in any phase of intramural sports.

Active intramural athletics get underway for the fall quarter when tennis initiates the autumn program Oct. 9. Touch football commences Oct. 10, and swimming follows on Oct. 11. Badminton, the fourth of five fall sports, starts Oct. 17, followed by hole-in-the-golf on the ensuing day.

Glen West, and Chuck Weiss, physical education graduate assistants, announced that there will be a preliminary manager's meeting on Tuesday, Oct. 2 at 10 a. m. and 5 p. m. in the Men's Gym, at which time new rules and regulations will be covered in the Intramural Handbook.

One other meeting will be conducted Oct. 8 at 5 p. m. when all team managers representing all four leagues—Fraternity, Men's Residence Halls, Independents, and Organized Houses—are expected to be present.

"The Intramural Student Board will meet Monday, Oct. 1, at 10

Desire Is Difference Shannon Cites More Spirit; Praises Line

Editor's Note: This is the first in a series of personality interviews with members of the SIU football team.

By Chuck Schlegel
"The big difference this year... I think it's the desire to win," Shannon, SIU grid halfback, said in a personal interview with this reporter.

Speaking from experience, following Southern's explosive 40-0 second half victory over Illinois Wesleyan Saturday, the six-foot, 191 pounder remarked that this is intangible, "desire," just might carry the Salukis to their first winning season since 1947.

A first-string left halfback, a freshman year in Southern's 4-4-2 season, the Corinth, Miss., athlete was converted to right half this year to make room for Ranette Lewis. The two of them combine with quarterback Bill Norwood and fullback Rich White, to form the nucleus of Coach Al Kaval's starting backfield.

Asked how he accounted for the team's sudden "breakaway

a. m. in the men's gym." West declared. He also added that rules and entry blanks may be picked up anytime at the Intramural Office, and urged team managers to consult the bulletin board in the gym for further information.

Glenn "Abe" Martin, head basketball coach, will again serve as Director of Intramurals.

During the final half of the Wesleyan encounter, the likable 18-year-old claimed that "during the first half everyone wasn't sure of themselves and we were more or less experimenting with the game."

"When the reporter queried the personable halfback as to why he had chosen SIU, he confided that it was his mother's choice."

"Mom always said that Illinois had a good school system," he said, "and SIU made me a good offer, so here I am."

Shannon also received bids from 25 other universities and colleges before deciding on Southern. Among other schools interested in Shannon were Colorado, Wyoming, Idaho, Utah State, and Los Angeles State.

Probably one of the most noticeable habits found in Shannon's unique style in his pre-kickoff footing motions, a short quick hop, step and a jump.

"When I first started kicking I had to get my steps right," a chuckling Carver explained. "Then after that, I guess it became a habit. I'm never conscious of it anymore and never think a thing about it."

Shannon was quick to praise the big front line of the Salukis.

"Don't forget those guys up there," he said. "The team is getting good blocking, especially downfield, making it easier to run. Hayes (Ed) and McCann (Jim), and all the rest too, open those big holes for the power plays through the line. On the whole, I'd say this year's line is better than last year's, so far. Almost all

Modern Dance Club Holds Meeting Oct. 1

Are you interested in modern dance?

The Modern Dance Club will hold its first meeting on Oct. 1. Mrs. Jane Daugherty, women's physical education instructor, will be in charge at the first meeting.

The meeting will be held the Women's Gym from 7:30 to 9:30 p. m. After the first meeting practices will be held every Tuesday and Thursday.

Northern Illinois won their first game of the season last week, beating Wheaton, 7-6. They did not win a game last year.
